From The Editor:

A very busy meeting. Lots of dates confirmed for the coming year and we welcomed Steve and Elaine back into the fold.

Dealership News

Leeds Harley Davidson has a new Manager—David Walker. Unfortunately he was unable to attend this Months Meeting but we hope to all get to know him better as the season progresses.

The Dealership is hoping to put Monthly breakfast meetings on in order to introduce any new Bike Purchasers to members of the club and what we are able to offer them in the way of friendship and activities. We understand that this will be open any body to pop down and introduce themselves. Further details will be confirmed.

The new Live Wire is now available to view and to take out for test rides. This is a very innovative and fast bike which is gathering a lot of attention. To book your test ride please contact the Dealership direct and they will be happy to arrange it for you subject to the necessary paperwork and a £500 returnable Deposit.

Facebook Guidelines

There has been some controversy over items being put on Facebook. If you are unsure as to whether the content you are wanting to post is “allowable” then please go onto the Aire Valley 9695 page and check. You will find the guidelines under “Announcements” . At the bottom of that page there is a list of “Rules” which we must comply with in order to avoid any conflict with our Sponsoring Dealership.
